

## Custom Milling Price List

Thank you for choosing Mariposa Woolen Mill to process your fibre and fleece. We highly recommend you properly skirt your fleeces to cut down on milling cost as well as contributing to a nicer finished product. You are welcome to wash your fibres before, but please know we will still be washing them to our specifications.

Prices for mandatory washing are based on incoming grease weight which is to be paid upon drop off of fibre. During the washing process, the fibre could loose up to 50% off incoming weight/ grease weight. After washing, your order will be reweighed and we will be in touch with fees owing for additional milling processes.

Mariposa Woolen Mill can guarantee you will receive your own fibres back, as your fleece will be processed independently of other orders. Prices do not include shipping and handling. All custom milling expenses must be paid before shipping.

What to expect:

Please make an appointment to drop off your fibre so we can ensure someone is available to assist you. Upon arrival, we will assess and weigh the order. Again, please note it is more cost effective to properly skirt your fleeces beforehand. MINIMUM ORDER AMOUNT is 10 pounds PER fibre type you wish to have processed. (Each colour and fibre type must be at least 10 lbs to be processed separately. Otherwise fibres can be combined as long as the staple length is similar). It is important that fibres staple length is similar. Ideal staple length is 3-5".

Pricing:

WASHING FEE IS BASED ON INCOMING WEIGHT \$4/lb + HST due when fibre is dropped at mill. \*Typical process involves Washing (Soak, Rinse, Wash, Rinse).

Once your fibre is all washed and dry, we will re-weigh and remaining milling fees will be based on clean weight.

Then your fibre will be picked and carded.

Picking and carding is \$15/lb (wool) \$16/lb for Alpaca/ Llama + HST and will be invoiced once your fibre is clean.

\*\*Optional 1x pass Fibreseparator is \$5/lb + HST

\* Roving is available in bumps or bags. Please specify weight of desired bumps (4 oz, 8oz, 16 oz)

Additional Services:

Skirting \$1.50/lb grease weight + HST

Tumbling: \$1.50/lb grease weight + HST

(Suggested for Alpaca fibres to remove dirt before washing and any fibre that has a lot of vegetative matter)

Additional Fibreseparator Passes: \$5/lb additional pass

Wet Felting \$20/sheet + HST

Needle Felting \$20/ sheet + HST

Spinning Fees:

Price is in addition to cost for washing, picking, fibreseparatoring, and carding. Sizes based off Wraps Per Inch (WPI) to assess desired thickness. Price includes plying and cone winding.
